

AI BLOG FACTORY

Digital guides for students, creators & tech learners

THE AI CONTENT ENGINE

Build an Audience, Create Content & Monetize Your Knowledge with AI

By Joy Roy

Founder, AI Blog Factory | 2026

A Note from the Author

I wrote this book as a enthusiastic creator. Every technique here was tested in real conditions — as a student, with real deadlines. Nothing here is theoretical.

Let us get to work.

Contents

Ch 1	Start Where You Are	3
Ch 2	AI Tools for Creators	4
Ch 3	The Viral Post Formula	5
Ch 4	The Content Calendar	6
Ch 5	Monetization	7

Start Where You Are

You do not need expertise. You need a beginner perspective. The person one step behind you needs exactly what you are learning right now.

Your beginner knowledge is valuable. Package it. Share it. Monetize it.

1. Niche Selection

Best niche formula: what you are learning + who you were six months ago.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

QUICK WIN

Try this today: Take one start where you are prompt from this chapter and use it on a real task.

2. Platform Choice

Instagram for visuals. Twitter/X for threads. YouTube for tutorials. LinkedIn for professional content.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

ACTION

Before moving to the next chapter, implement one start where you are technique in your current work.

AI Tools for Creators

You need four tools. All free. Together they produce professional content at student-budget prices.

ChatGPT for scripts. Canva AI for visuals. CapCut for video. Notion AI for planning.

1. Writing

ChatGPT drafts in seconds. Your job: add personality, personal examples, and your actual experience.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

QUICK WIN

Try this today: Take one ai tools for creators prompt from this chapter and use it on a real task.

2. Design

Canva AI generates social graphics, carousels, and thumbnails from prompts. No design degree needed.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week

- Note what works and what does not

ACTION

Before moving to the next chapter, implement one ai tools for creators technique in your current work.

3. Video

CapCut auto-captions, auto-cuts, and templates. Phone camera + CapCut + AI = professional content.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

The Viral Post Formula

1. Hook (stop the scroll) 2. Value (earn the read) 3. CTA (earn the follow). That is the entire formula.

Most student content fails at step one. The hook has to interrupt the scroll.

1. Hook Types

'I wasted 100 hours before I learned this.' / 'Most students do X. Here is why that is wrong.' / 'I built [thing] using only free tools.'

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

QUICK WIN

Try this today: Take one the viral post formula prompt from this chapter and use it on a real task.

2. Value Density

Every sentence must earn its place. Cut anything the reader could guess. Surprise them.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

ACTION

Before moving to the next chapter, implement one the viral post formula technique in your current work.

The Content Calendar

One Sunday afternoon = one month of content. Batch creation is the only sustainable system.

Month planning on Sunday. Daily publishing takes 20 minutes.

1. Monthly Planning

Pick 4 themes per week. Generate 3 posts per theme. Total: 12-16 posts per month from one session.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

QUICK WIN

Try this today: Take one the content calendar prompt from this chapter and use it on a real task.

2. Batching

Write all captions in one ChatGPT session. Design all graphics in one Canva session. Film all videos in one afternoon.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

ACTION

Before moving to the next chapter, implement one the content calendar technique in your current work.

Monetization

Audience first. Money second. With 1,000 real followers, four revenue paths open.

Do not chase money. Chase value. Money follows attention.

1. Sponsorships

At 1,000 followers in a niche, small brands will pay INR 2,000-10,000 per post.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

QUICK WIN

Try this today: Take one monetization prompt from this chapter and use it on a real task.

2. Digital Products

Your free content proves your value. Your paid products monetize it. The AI Student Playbook is one example.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

ACTION

Before moving to the next chapter, implement one monetization technique in your current work.

3. Affiliate Marketing

Recommend tools you actually use. Earn commission on every sale. Links in bio.

- Start with this technique in your current course
- Practice for 15 minutes daily throughout the week
- Note what works and what does not

Quick-Reference Cheat Sheet

Print this. Stick it next to your workspace.

- 1. Start Where You Are
- 2. AI Tools for Creators
- 3. The Viral Post Formula
- 4. The Content Calendar
- 5. Monetization
